

The Jesus Project (4)
Acts 2:37-47

JESUS

How are disciples made? God makes disciples through dependent disciples speaking and demonstrating His Word so that people love Jesus and others, in all of life, for all of life.

Some Observations from Acts 2...

- 1) the 4 "E"s -
- 2) the life together -
- 3) the propulsion - (Acts 8:1-4)

Why aren't we more engaged in this work to move toward Christ in our church, home, community?

There are people around us who find life hard in this fallen world. What could we do to help them move toward Christ? How could we show them love? How could we point them to Him? What is stopping you from taking action?

the JESUS project

knowing Him and making Him known

Help the Christ Followers get baptized.
